OUR VISION:
ENCOUNTERING JESUS,
TRANSFORMING LIVES

WORSHIP CHANGES EVERYTHING

DISCOVER HOW WORSHIP RELATES TO PRAYER

Seminar topics will include:

- 1. Revelation 4 & 5: A deeper study on Worship & Prayer in Heaven:** We will closely look at the activity surrounding the One who sits on the throne. What is being said and why? Is it important that it never cease? How do the songs of chapters 4 & 5 add to our understanding of heavenly worship and it's impact on our prayers on earth?
- 2. Wholehearted Devotion:** We will address the call of every believer to live wholeheartedly before The Lord, loving Him with all our heart, soul, mind and strength (Matt 22:37). How should we connect singing worship songs, offering prayers for others and even caring for people in a practical way, into this substantial call to live with such devotion? Is there more for us to experience in the area of prayer and worship as we press for devotion in every area of life?
- 3. God's Delight for His People:** This session looks in more detail at how God feels about us as the ones He has chosen and won to Himself. Jesus was so committed to winning humans back to right relationship with Himself that He actually became one of us. What has God already done to demonstrate His enjoyment of us, His commitment to seeing us be with him forever, and His willingness to help us become more like Jesus in this life? Worship comes more easily when we understand His delight in us. Prayer comes alive when we know how He feels about us.
- 4. Looking at Jesus:** This session will talk about who Jesus really is and what we see about the character and nature of God in His life and actions. There is no better revelation of God in the whole bible than what is found in the gospel stories. We will examine His life and teaching as a way of understanding more about God and as a pathway to feeling worship rising up from within because of what we know.
- 5. Bible Meditation Workshop:** One of the best ways to grow in fascination with God is to interact with Him in his written word. We are going to take some time to let the bible speak to us about His character and nature. This session will be about learning a simple exercise that anyone can do on their own. Richer and more developed devotion is directly connected to seeing the deeper things of God. Praying with scripture is an amazing way to encounter Him and hear His voice. You will need a pen and paper and a bible for this session.
- 6. Prayer Ideas & Concepts:** This session will touch on practical issues related to prayer. Prayer style, Biblical prayer as a form, spiritual focus for your prayers, the place of the Holy Spirit, intercession versus personal prayer, the place of worship music in corporate prayer... all of this and more. Bring your questions for this session.
